

Our hydrostatic drive system (HST) eliminates gear-shifting by safely engaging color-coded forward or reverse pedals. Combining HST with supersmooth joystick control makes front loader work fast and efficient.

On cab models, the electronic rear hitch controls improve chore efficiency and overall productivity. Easily adjust lift speed, draft, depth, auto-raise on turns, & more.

Our newest feature, Crank Assist, safely takes you step-bystep through the tractor's startup process.

Us Us

OJA is a world-class software and hardware technology platform created to improve your Mahindra's performance and safeguard your investment. With the new MyOJA phone app, you'll always be able to communicate with your tractor and local dealer. Features include real-time tractor health warnings and alerts, customized geofencing, security features, and more. mahindra

## **A PACT THAT DELIVERS ON EVERY PROMISE.**

You have our word the Mahindra 2100 series will perform to your expectations and might even surprise you occasionally. They're smart, friendly, and tough tractors. Phone app lovers will be pumped by their intelligent Mahindra MyOJA software. First-time operators will smile at Smart Assist and their intuitive cockpits. Weekend warriors will be rocked when testing their mettle. Discover why the Mahindra 2100 Series will deliver every day, every time, for the small acreage or estate homeowner.

www.mahindrausa.com

## **IDEAL USES**

Mowing lawn & pastures Rotary cutting fields Grading unpaved roads Clearing driveway snow Spreading weed & feed Material handling Trenching Landscaping projects Tilling large garden Fence work

**G** Cab heat & air conditioing [н] H 360° glass for maximum visibility □ Crank Assist<sup>™</sup> takes the guesswork out of starting your tractor **J** Front work lights **K** Front wiper L Turn signals and hazard lights

EASE OF USE

## **SMARTER. TOUGHER.**

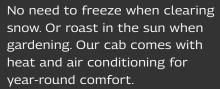

**POWER:** The Mahindra 2100 Series has a formidable engine powering its mid and rear PTOs. Its robust hydraulic pumps command steering, attachment, and simple operations.

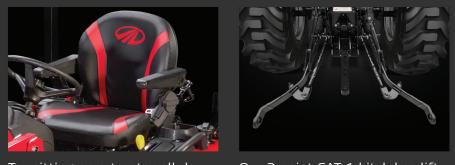

**ADVANCED:** Mahindra MyOJA phone app connects and empowers the homeowner to their tractor's diagnostics. Other 2100 Series features include push-button activation for both mid and rear implement work and no-hassle hydrostatic forward & reverse pedals with a buttery joystick for super fast loader work.

**EASE OF USE:** The Mahindra 2100 Series touts features like Crank Assist<sup>™</sup>. intuitive controls, tilt power steering, a form-fitting mComfort seat, a well-appointed climate-controlled cab, and a 3-point hitch with telescoping stabilizers.

The Mahindra 2100 Series ROPS cab (Rollover Protection Structure) is designed, fabricated, and fitted at our assembly plant. It offers a comfortable ride all year round with built-in heat and air conditioning. Additionally, the glass-enclosed cab provides a 360-degree view and includes work lights, mirrors, and wipers to deliver an exceptional experience, setting a new class standard.

Try sitting on a tractor all day, and then you'll see why the 2100 series comes standard with power steering and a form-fitting mComfort seat our most comfy combo yet.

Our 3-point CAT 1 hitch has lift arm telescoping stabilizers for fast and easy implement hookup.

## NO DPF (DIESEL PARTICULATE FILTER) MEANS:

- No regen downtime
- No wasted fuel • No wasted warranty hours • Quieter operation
- Fewer parts to replace
